Date: 2nd April 2024

Venue: Bhattiprolu

Dear beloved Brothers and Sisters in Christ,

Greetings to you in almighty name of our Lord and Savior Jesus Christ. I felt very happy on meeting meet through Monthly Prayer newsletter.

I would like to share few words regarding myself and my ministry in India.

1. My Salvation and early ministry :-

My name is Galanki Raju, I am born & brought up in a nominal Christian family. I did not know and encounter with Christ personally until I have 15 years of my age. While I was studying polytechnic course in 1992, I was invited to a youth meeting by my friends; in that same meeting, on Sep 25th 1992, God spoke to me from Gospel of Mark 5ch and that very day I accepted Jesus Christ is my personal Savior and Lord, I gave my life to Christ. I was baptized on May 5th, 1995; and ever since then as a Disciple of Jesus Christ I was following my Master and Lord, from onwards I am involving in His work, especially ministering among the students, bringing them near to Christ.

2. A Ministry Call from God and my beginnings of the ministry –

- I strongly sensed the call of God for the full-time ministry, which I felt by the way of circumstances, Word, dreams, visions and as well as prophetic affirmations from other men of God and seeing the urgency for the furtherance of the Gospel.
- Since the time I have received the call of the God for the full-time ministry, I have always focused my work in different villages where Christ is not been preached.

4. Present Ministry status –

- Since 2001, I have been preaching the Gospel, Pioneering churches, till date.
- Led many young men, young women, men and women to Christ.
- Spiritually and Financially Support Independent Pastors who do not have any backing from anyone. But now I see an increased need of prayer and financial partners, as this ministry expansion
- Providing food, cloths
- Of late, for about 10 years from now, I am involved in reaching pastors with little or no education, especially who do not have formal theological training. By the way of regular seminars, and arranging other gifted speakers, I emphasis on imparting Biblical Doctrines/truth to them. You can see our organization activities in our website: <https://genesisim.org>

My Goals and Prayer

- To reach the unreached community with the gospel through Gospel meetings, street gospel meetings, personal evangelism, sharing witness, Publish and distribute pamphlets, tracks.
- To pioneer in Church planting, especially in the areas/villages where there are absolutely no churches.
- To support Pastors financially (Independent rural pastors who are needy and poor, who work among down-trodden people)
- To provide food, shelter, education through an orphanage home for the Orphan, neglected and poor children.
- To run a school and education centres and provide shelter to people in need.
- To conduct pastors' conference and Fellowship meetings

The appeal and invitation:

Dear beloved of God, though I am educated and zealous, I am unable to take forward my vision for the lack of support (in the form of prayer and financial partners), so are praying and looking out for help/support. It is our prayerful desire, that you to be the channel of blessing to this ministry and vision. We are willing work with you (and with anybody whom you may recommend). We warmly welcome you to our place in Andhra Pradesh, South of India, at any time to share the blessings, and be His kingdom partners of India.

In love of Christ,

Your brother Pastor Galanki Raju
